

GROWING TOGETHER

The Project...

As an independent school, we are unable to access Government Capital Funding for this project.

Your contribution to our building fund appeal will enable us to continue the project of installing air-conditioning to classrooms, giving our students a more comfortable learning environment.

15 Years of Growth

Over the past 15 years we have built many facilities including: The Early Learning Centre and the MAC. None of which would be possible without the generosity of our GMAS families.

We invite you to contribute to the 2018 Building Fund Appeal.

See overleaf for more

Dear GMAS Family and Friends,

As you may be aware from correspondence, fee brochures and recent fundraising drives, all voluntary contributions to our Building Fund are used toward specific projects.

The current project is retro-fitting air-conditioners throughout the school, to ensure a more comfortable learning environment for our students.

The process of installing air-conditioning to our campus is a big project, however, we are making great progress thanks to the support of our families and P&F Association.

We have recently completed a large power supply upgrade and improvements to the thermal insulation of our buildings - the first steps towards achieving our goal.

We would like to thank you for your continued support of our school and major projects. We have achieved so much in the 15 years since we first opened our gates, and hope to keep growing together.

We invite you to contribute to the 2018 Building Fund Appeal.

I wish to contribute to the 2018 GMAS Building Fund Appeal
(Please return to your class teacher or Student Services)
